The Vanceburg Courier says Dr. G. W. Martin has twenty acres of wheat from rye.

DIMMITT & CO. have sold their restaurant near the depot to Charles Shepard.

INQUIRIES from the talk, the people do not seem to understand the railroad proposition.

THE present outlook gives promise of an abundant crop of oats in Lewis County.

THE "State of Lewis" crop of wheat is averaged at about fifteen bushels to the acre.

EX-CONDUCTOR HENRY GREEN, of Covington, is thinking of starting a hotel in Lexington.

EIGHTY-ONE sacks of new Kentucky wheat sold in St. Louis the other day at \$1 a bushel.

THE tobacco crop in Lewis County is a little less than the average. It has got a good start.

REV. J. H. CRUTCHER, of Lexington, will preach in the Church on Lawrence Creek next Sunday.

CHARLES KARS, formerly of this county, was recently admitted to the bar at Lexington, and is now practicing law in that city.

LEXINGTON has over thirty physicians, some ten or fifteen of them being located on one square, which is known as "Death Row."

DAVID HUNTER and brothers, of near Washington, cut off acres of wheat in two and a half days last week with a new Wood self-binder.

THE lightest, strongest and most durable spectacles made are the Diamond. They are for sale by Balleger, the jeweler, and every pair is warranted.

REV. A. M. VARDMAN, of Mayfield, will preach in the Baptist Church at Aberdeen this evening. Services will commence at 7:45 o'clock. The public is invited.

MRS. J. H. MOORE, of Springfield, Ohio, accompanied by her accomplished daughter, Miss Fannie, is spending a few days with her brother, Mr. John H. Wilson, of Third street.

THE friends of W. D. Hocker will be glad to learn that he has secured a position with Iselin Neeser & Co., of New York, importers of French, English and German dry goods.

AYER'S Sarsaparilla operates radically upon and through the blood, and is a safe and absolute cure for the various diseases and disorders due to debility, or to any constitutional taint or affection.

MRS. MATTIE CARA has reduced the prices on all her stock of millinery in order to close out the goods she now has on hand. Persons desiring bargains should take advantage of this opportunity.

THE Chesapeake and Ohio Railroad Company is now running through trains to Old Point Comfort and Newport News. Pullman coaches. Kentucky Central connected with these trains at Paris and Lexington.

NEAR Carlisle the other day, a farm house was struck by lightning, one corner being demolished. Luckily, the family was away from home, but a dog and six chickens under one of the porches were killed.

CLARK County's crop of wheat is a fine one. Threshing has begun, and some fields are yielding over thirty bushels to the acre. The first of the new crop was delivered at Winchester Friday, and was sold at fifty-five cents.

A PROMINENT Southern man is reported as saying: "You have no idea how the President's marriage has helped Westland in the South. Why, the old fellows in my country have gone wild about it and it has gained him at least 50,000 votes so far."

THE wheat crop along the Kentucky Central, between Summit and Johnson Junction, is certainly one of the finest ever grown. Most of it is in the shock and threshing has already commenced. Other crops are growing finely, and the prospects are that the farmers will be blessed with an abundant harvest.

JOHN FARLEY, who resides on Fifth street, caught a fox near his residence yesterday. The animal is very likely a pet one that has wandered from its home.

ALLEN WAGGON, a poor but industrious farmer of Nicholasville, was chasing a negro thief through Carlisle the other day, and when about to grasp his man, fell from his horse in a fit of excitement. Three hours later he was a corpse, death resulting from congestion of the brain.

BACACHE, stitches in the side, indurations and sores of the bowels, are symptoms of a disordered state of the digestive and assimilative organs, which can be promptly and thoroughly corrected by the use of Ayer's Cathartic Pills. As dinner pills, and as aids to digestion, they have no equal. They cure constipation.

A. M. BOWLING has been taken to the penitentiary to serve twenty-one years for murdering the Marshal of Mt. Sterling a few years ago. He was not very anxious to leave the jail at Lexington, and went away real mad because they would not let him remain one day longer. It's a pity about these desperations and murders that they can't have their own way!

TAX following preamble and resolution were adopted unanimously by the Baptist Church, Sunday July 4th:

WHEREAS, Arrangements for the rest of a room for church services had already been made, when we received the kind offer of the Central Presbyterian Church, of the use of their church for our Thursday evening services.

Resolved, That while we are compelled to decline the kind offer, we hereby tender to that church our heartiest thanks for this exhibition of christian courtesy and love.

SOME rowdies tore down the Chinese laundryman, Sam Lee's, sign last night, and smashed out one or two of his windows. The police should ferret the guilty parties out and see that they are punished. If the parties who are at the bottom of this rowdyism think they can run the Chinaman out of town by such means, they will find themselves badly mistaken.

It will create sympathy for him and give him a "boom." As an evidence of this, a sum was raised in a few minutes this morning to replace the sign and glass.

THE following officers elected for the ensuing term were duly installed by N. R. Rudy, D. D. G. C., at the last stated meeting of Limehouse Lodge No. 36, K. of P.:

Mayville Division No. 6, Uniform Rank, K. of P., was recently instituted by members of Limehouse Lodge, starting out with a membership of twenty-nine. Pythianian seems to be on a boom in this city, and in fact all over the country.
